*Many aspects of the EYFS curriculum are revisited throughout the year, not just through a 'topic', therefore many subject areas are not planned above. Our curriculum map gives us a vision of what we, as staff, want to teach and when (to ensure coverage and breadth) but in many areas, skills and knowledge are built upon in a progressive way that cannot be planned for. Children learn new things and apply them throughout their play 'in the moment' and at a pace that suits their developmental needs. Play/learning environments are tailored to their interests and needs with meaningful enhancements WHEN the children need them. Every child is important and their ideas are valued.*
