

My Read Write Inc Book

This is my Read Write Inc book.

This is the book I need to read to you to practice everything that I am learning in my reading and phonics lessons this week. It is really important that I read this book as much as possible - **preferably 5 times a week**. All Read Write Inc books are quite short and should not take me long to read. I should be able to read the books in here without any help but I do need a grown up to listen to me.

Please sign my reading record each time I read my Read Write Inc book

When I first start reading and am able to blend sounds in order to read words I will bring home a sound blending book like this

You can help me by asking me to try to 'Fred Talk' the word and blend it together ... when we turn the page we will see if was were right!

When I am ready to move on from sound blending books, I will bring home a Ditty sheet that looks like this. I need to practise the speed sounds in the top box first and then practise reading the green words in the second box by using Fred Talk. Then I need to practise reading the **tricky red words** and I may need some help with this! Then I need to read the ditty and it would be great if you could ask me some questions about what I have read

When I am ready I will move on to Red Ditty books. There are several Ditties in each book and I will do **one Ditty a day**. I will need to practise the speed sounds, green words and trick red words before I read each ditty.

When I am ready, I will then move onto Green books and then up through the colours within the Read Write Inc scheme.

Once I am on Red Ditty books and beyond I will bring home two different types of book across the week. I will bring a black and white copy of the book that I have been reading in class and also a 'book bag book' which is linked to the book I have been reading in class. I still need to practise the speed sounds, tricky read words and also the story green words at the front of the book but I also need to practise using **Fred in My Head** to read the speedy green words on the back page.

Please use the RWI information booklet in this folder for more advice on how to help me with my reading.
